

Adult Training: Wilderness First Aid

Camp Boddie, Sat 12/8/18 – Sun 12/9/18

- Class will cover the WFA core curriculum required by all BSA High Adventure bases:
 - Patient assessment
 - Environmental injuries (heat, cold, and altitude)
 - Shock
 - Chest injuries
 - Bone and Joint Injuries
 - Brain and spinal injuries
 - Wounds and wound infection
 - Control of Major Bleeding
 - Allergy and anaphylaxis

- Course takes place during the Ecology Merit Badge Weekend at Camp Boddie Saturday morning, afternoon, and evening and Sunday morning. You must complete all sessions to receive training recognition. Scouts have their Merit badge classes Saturday and Sunday morning. Please make sure you have other adults who can supervise your Scouts while you are in these training classes Saturday evening and Sunday morning
- Prerequisites:
 - Registered Adult Scout Leader
 - Current certification in CPR from either the American Red Cross or the American Heart Association
- Cost: \$15 registration fee for Ecology Merit Badge weekend
- Register on Tentaroo after also registering as an adult attending Ecology Merit Badge weekend
