

# Pitt District

2019 Race day

Procedure and Schedules

1. Check-in at table and get your race number
2. Pre-weight
3. Check-in car for tech (Wheels and axels separate)  
Car, wheels and axels are presented unassembled to be weighed and checked.
4. Assemble car
5. Final tech
6. Get in line to run qualifications. Car runs twice in each lane.
7. Bring Qualifying sheet to scorer to get your challenge race tickets
8. Go to challenge track for challenge races.

## Main Races

Each scout will qualify (2 Races each Lane) Top 16 from each group will be put into eliminations.

Four cars will run at a time and top 2 will advance. When we get to final group of 4 winner takes all.

## Challenge races

Challenge track will be a two lane track. Each scout will receive a number of tickets to use to challenge other scouts. Some awards will be given based on winners ticket count.

## Jump races

Jump track will be a four section track with the bottom two sections not directly connected. This will create two jumps for the cars to go over.

These additions are hoped to keep the scouts more involved in the day of racing.

## Schedule of races

Tentative times

800-10:30 Time trials

900-1115 Challenge track and jump tracks open

11:30 Final eliminations
