Warning!
Scouting Pox

Very Contagious to All Ages

SYMPTOMS: Continual complaining about needing more time for scouting and camping.

Patient has blank expression, sometimes being deaf to everyone except others with same disease. Mumbles to self. Brags to everyone. Frequent checking of scouting catalogs and magazines. Secret night phone calls to scouter pals.

NO CURE KNOWN!!!

TREATMENT: Medication is useless. Disease is not fatal. Victim should indulge deeply in favorite scout activity as often as possible.
