Yours in Scouting Spirit,

Rick Nezbeth

Multi Site Coordinator

TRANSPORTATION. Per the State of North Carolina guidance for transporting to camping activities, have all riders wear face coverings when they are, or may be, within six (6) feet of another person.

Have adequate supplies of hand sanitizer (with at least 60 percent alcohol for safe use) to promote healthy hygiene. Separate riders with as much space as the vehicle allows while maintaining safe transportation practices. Consider keeping windows open to help reduce spread of the virus by increasing air circulation, if appropriate and safe.

All attendees MUST bring a face mask. We ask that each attendee bring 3 masks with them (one for each day). **All attendees will be REQUIRED to wear a face mask except when eating, drinking, utilizing the restroom/shower, or within your own tent.** Masks will be verified during the pre-screening process. DO NOT PACK YOUR MASK IN YOUR PACK. YOU WILL NEED TO SHOW THIS PRIOR TO EXITING YOUR VEHICLE.

Hand shaking is not permitted and frequent hand-washing or sanitizing is highly encouraged. All Scouts and Scouters will be required to wash or sanitize their hands immediately prior to eating meals or participating in events. We highly encourage attendees to bring their own hand sanitizer if possible.

Please remember that all Scouts and Scouters are required to bring a completed Part A and Part B Medical form with them.

All attendees must be pre-screened by medical staff upon arrival; this includes a temperature check. Attendees will be screened prior to getting out of their vehicles. Non-attendees are not permitted to exit their vehicle at camp. Anyone found to be displaying any COVID-19 symptoms upon arrival will not be permitted to attend this event. This includes all attendees that are in that particular vehicle. We ask that if individuals from different families are riding to camp together that they wear face masks on their way to camp.

Medical personnel will conduct a daily screening of all attendees to verify if anyone is displaying any COVID-19 symptoms. This will be accomplished by utilizing a daily screening checklist combined with a temperature check. If an attendee is displaying symptoms, they will be immediately separated from all other attendees and either sent home or their parents will be notified to pick them up as appropriate.

Check-in will be completed outside of the Hodges Building at Camp Boddie and outside the Bob Howard Lodge at Camp Sam Hatcher. We will be maintaining 6 feet distancing between individuals during the check-in process.

Units will be assigned specific restrooms or port a johns which will be cleaned multiple times throughout the day to ensure that these areas are kept clean.

PLEASE MINIMIZE MIXING TO THE GREATEST EXTENT POSSIBLE DURING THIS EVENT.

Sleeping arrangements – Only 1 attendee per tent is permitted (married couples and siblings who live in the same house may share a tent).

Special exceptions for medical reasons can be made with prior approval of the Site Chiefs.
6. No unit will be allowed to participate in the Camporee without 2 registered adult leaders in attendance. All adult leaders will camp with their troop/crew/ships are unable to attend because of adult leadership they should buddy-up with another unit from their area (district).
7. Venturing Crews, Explorer Posts, Sea Scout Ships, and STEM Scouts are encouraged to attend and participate in all Camporee Events. Crews are also encouraged to camp in the areas in order to promote Venturing.
8. All Scouts will remain on the Camporee grounds throughout the event. If there are compelling reasons or emergencies for leaving, permission must be secured through your Area Headquarters.
9. Scouts should use the "buddy system" when outside their assigned area. During the events on Saturday, an activity uniform may be worn. Scouts should dress "clean & appropriate" in a Troop activity uniform. Shoes should be sneaker type, boots, or leather shoes. **For safety reasons NO SANDALS or open-toed shoes will be allowed.**
10. All patrols/troops/crews will do their own cooking/heating of water with charcoal, wood or Approved chemical fuels. It is mandated that if wood or charcoal fires are used, a burn container be brought to protect the ground. In case of a fire ban, alternate methods of cooking should be planned.
11. Please set up campsite with **Leave No Trace** and **Tread Lightly**. Principles in mind.
12. Troops will furnish their own garbage bags and properly dispose of them. Be prepared to pack your trash out. A dumpster is available between the EcoLodge and the Dining Hall at Camp Boddie. Trash will be packed out by individual units at Camp Sam Hatcher.
13. East Carolina Council accepts no responsibility for port-a-johns ordered by units.
14. Approved lanterns may be used in campsites. Only electric lanterns or flashlights are to be used outside the troop site. Generators will not be permitted on the Camporee grounds for units without council executive approval.
15. East unit should erect a flagpole on its site and properly display the National and Unit Flag. Flags should be lowered at dusk on Friday and Saturday.

18. Each Site Chief will handle all complaints in their area.
19. All persons are required to register at the Camp Office located in Area HQ.
20. **The only trading post in operation at the Camporee are the Council sponsored trading post.** No unit is authorized to sell items of any kind.
21. Webelos Scouts may attend with an adult partner.
22. Porta-Potties. **Camp Boddie** - The Council will provide a few porta-potties at some campsites if needed. However, if your unit would like to have porta potties at your campsite, please arrange with Jim's Liquid Waste **252.830.1016**. Historically speaking, all porta potties were arranged for by units or areas. We will have some facilities marked female youth and adult, but all porta-potties unmarked are unisex.
Camp Sam Hatcher – The Council will provide a significant number of porta-potties as there are not enough permanent toilets on site at this camp. If your unit would like their own to use exclusively you may arrange to pay for your own porta-potty for your campsite.

GENERAL RULES & HOUSEKEEPING ITEMS

It saddens me to no end to have to place these items in the Camporee Book.

If you are involved in any of these below items, you are NOT following the Scout Law, nor following the Scout Oath. These are at the core of what you are supposed to be as a Scout.

Please think before you act!

It only takes a few scouts (or parents) to tarnish the reputation of many!!

- 1) Camp Boddie and Camp Sam Hatcher are your home away from home, Scouts. Treat it as such! Vandalizing and Destroying Camp property is a criminal offense. If you want to act like a criminal, you will be treated as such. Any Scout caught vandalizing or destroying camp property will be escorted to the camp headquarters. Your parents will be called. The police can be called and charges of vandalism can be filed against you. Your parents will be asked to take you home for the remainder of Camporee. In addition, since the buddy system is in effect, you would have had to act with a partner in doing your crime. Therefore, the patrols of each Scout caught vandalizing and destroying camp property will be disqualified from competition or winning any awards. In the past, at Camp Boddie, there have been bathrooms vandalized or nearly destroyed. You will be watched!
- 2) Swimming in the Pamlico River (or anywhere at Camp Boddie during Camporee) is strictly forbidden by scouts, or adults. This includes wading in the river. Please respect this rule! Parents, please set the example. Young eyes are watching!
- 3) Absolutely no drugs or alcohol should be brought on the Camp, nor used/consumed at the Camp. This includes in your vehicle. If you're caught, appropriate actions will be taken. Also, as a general rule, there is to be no smoking or tobacco use in the campsites and around the kids. This includes dipping and vaping! Please use the designated smoking areas.
- 4) LEAVE NO TRACE!! Again, this is at the core of what we, as scouts, are supposed to be doing. If you see trash laying on the ground, please pick it up and place it in the nearest trash can. Accidents do happen and sometimes wrappers and other items get loose. It's understandable. However, we should be leaving Camp Boddie and Camp Sam Hatcher better than we found them.

Camporee Registration

LOCATION: Due to COVID-19, we are splitting up the Council Camporee at two separate locations: Camp Boddie and Camp Sam Hatcher. **All units** who are located within the Northern and Central Service Areas **will be going to Camp Boddie** and **all units** who are located within the Southern Service Area **will be going to Camp Sam Hatcher**. **There will not be any option for units from one service area to attend the camporee at the other service area's Camporee location.** The majority of events will be held in the unit campsites to prevent the mixing of individuals as much as possible.

This Camporee will encompass a wide array of scouting skills. Some are used every day while others are those that everyone needs to know--not only for Scouting, but in everyday use. Dress in a Troop activity uniform, typically a Class B type.

Please make every effort to read through this book, it's packed with important information.

No Vehicles will be permitted beyond the check in point and only Troop Trailers (one per unit) will be allowed in campsites.

PATROL SIZE: A Patrol is no bigger than 10 youth, and no smaller than 4 youth.

MEDICAL FORMS: All Camporee participants are required to complete and submit an Annual Health and Medical form. Site Chiefs may ask units to see the Medical Forms and retain the right to remove a unit from camp if forms are not complete. This is the new A&B form on the newly released medical form. (A doctor's signature is not required for this event). The Medical form can be found on the East Carolina Council website under "BSA Forms".

CAMPOREE PATCH: Extra patches, if any, will be sold after noon on Saturday at the Council Camporee trading posts. You will receive your Camporee patches at the Camporee Headquarters upon check in. 200 Council CSP patches are being held for sale beyond the first 300 registrants.

ARRIVAL AT CAMPOREE: Your unit should plan to arrive at the Camporee on Friday. **All troops/crews should report directly to the HQ after getting screened and parking your vehicles in the designated areas.** HQ will inform unit of campsite assignment at that time. After registering, it is suggested you go to your assigned site and set up camp. Only 1 vehicle will be allowed into the campsite area to drop off equipment or trailer. **It is highly encouraged to have the Patrol pack it ALL in.**

WEBELOS CAMPING: To promote Boy Scouting, Troops are encouraged to invite Webelos Scouts to attend and camp with the Troop. Each Webelos Scout must have one adult as a supervisor. From the Guide to Safe Scouting: *A Webelos Scout may participate in overnight den camping when supervised by an adult. In most cases, the Webelos Scout will be under the supervision of his parent or guardian. It is essential that each Webelos Scout be under the supervision of a parent-approved adult.* Joint Webelos den/troop campouts including the parents of the Webelos Scouts are encouraged to strengthen ties between the pack and troop. Den leaders, pack leaders, and parents are expected to accompany the boys on approved trips. Only adult parents may sleep with Webelos, not approved adults.

In addition, those Webelos scouts who do attend will not be able to participate in the competitions. Instead, Webelos Patrols are encouraged to coordinate with their associated troops prior to registration so that they may arrange for their Webelos Patrols to shadow the Troop's patrols. This will strengthen the bond between the Webelos and the Scouts and better prepare the Webelos for Camporee's once the cross over into a Scouts BSA unit.

LEADERS MEETING: All individuals that have volunteered to work an event will meet at 8:30pm Friday night at HQ. Scoutmaster/SPL(or designee)meeting at 9:30pm at Camp HQ. Make sure that your unit is represented at the leader's meeting to get important information about Saturday's activities by both a Scout leader and the Senior Patrol Leader. **Please limit participation to 2 people per unit to keep the gatherings small for our COVID precautions.**

FLAGS: Each Unit is requested to bring their Unit Flag to the Camporee and display them in their campsites. We ask that you also bring your unit flags and patrol flags to the Flag Ceremony on Saturday morning. Patrol flags should also be brought and carried when competing in the events. Please leave Troop flags in your campsites during the Campfire Service.

UNIFORMS: Scouts should wear their Class A Field Uniform to campfire and chapel. Scouting T-shirts/Class B/Activity Uniform, are to be worn for activities throughout Saturday. OA Members are requested to wear their sash at campfire.

CAMPFIRES IN THE CAMPSITES: Due to COVID-19 we have to pass modified guidance in regard to the utilization of campfires in the campsites. The reason for this is that campfires are a point of gathering that does not promote social distancing. The Council risk management team will make a call at the beginning of the camporee if campfires will be authorized in the campsites. If campfires are authorized, units will need to use multiple above ground fire pits in order to promote social distancing. In addition, all campers will be required to wear a mask and observe social distancing guidelines when gathering around campfires.

Materials: Each Patrol will need to bring one 6' section of rope and one Scout Stave (Walking Stick) for this event.

COVID Precautions: Gloves must be worn by all participants (will be provided).

Competition: Patrol will line up in a single file line, relay style, about 10 feet from the stave. The judge calls out the name of a knot, and the Scout first in line runs up to the stave, rope in hand, and ties it in the following manner.

Bowline: The stave through the fixed loop

Square Knot: Tied down tight against the stave

Sheet Bend: Joining the two ends of the rope together with the stave in the middle of the connection

Two Half Hitches: Slid tight against the stave

Taut-line hitch: Tied around the stave but not up against it

Timber Hitch: Tied around the stave

After the knot is judged by the judge, the Scout unties it, runs back, and gives the rope to the next Scout. When the first Scout who correctly tied the knot returns to their patrol, the next knot is called out. Each Patrol must wait for their patrol member to return after having their knot approved, before sending their next member up to tie the next knot.

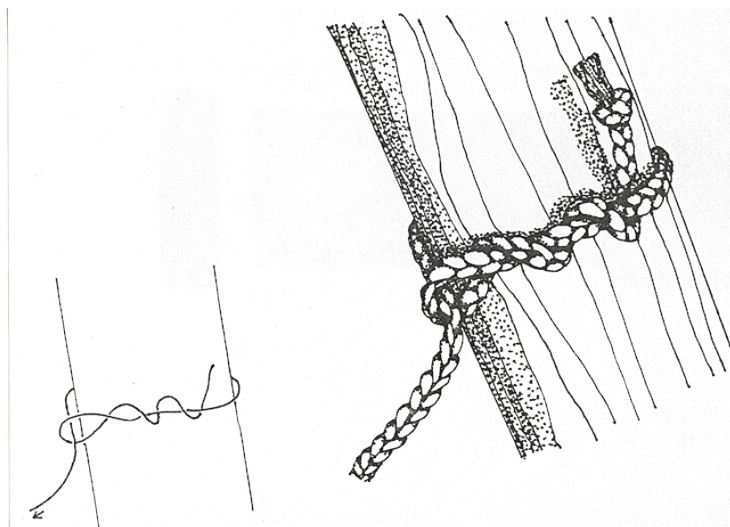

SCORING: (Total of 400 points Possible)

400 Points for 80% knot completion (percentage of scouts tying knots correctly)

300 Points for 60% knot completion

200 Points for 50% knot completion

100 Points for Participation

Fire Building (400 Points)

Objective: Every scout loves to build a fire.

Materials: The event area will provide to each patrol one number 10 can with a wire bale, 2 cups of water, and one level tablespoon of laundry soap powder. In addition, patrols will be supplied with a means to suspend the can with wire bale (tripod), which they must build on-site. These materials will include 3 staves, between 4 to 6' in length, as well as enough rope to make a tripod lashing. The can will be suspended using a rope and a stick, similar to the photo below. Staves, Rope, Suspension hook, and Number 10 can will all be provided at the event.

COVID Precautions: Gloves must be worn by all participants (will be provided). The exception is the Scout who is using the ignition source to light the fire.

Patrols will be required to bring their own tinder, kindling, and fuel, as well as ignition source. No lighters or matches may be used, no artificial accelerants shall be used.

Competition: The goal of this event is to build a fire to boil the water in the can suspended above the fire using a tripod that the scouts have fashioned. Patrols will be given 5 minutes to gather material to make a fire lay.

- Fire lay must be made within the designated fire ring/pit.
- Time starts as soon as material is put into the ring.
- Time ends once the water/soap foam in the can boils over.
- It is advised that the patrol split, one part working on fire, the other, lashing tripod.
- After suspending water above fire, patrols may adjust their tripod to obtain optimal heat to their can.

SCORING: (Total of 400 points Possible)

Patrols finishing within 20 minutes: 400 points

Patrols finishing within 23 minutes: 300 points

Patrols finishing within 25 minutes: 200 points
